Good Morning I.S.201! My name is Esther Chen from class 752, and I am here for the Words of Wisdom Wednesday on behalf of the S.E.A.L team.

This month is National Library Lovers Month! It's the perfect moment to celebrate reading and how books allow us to step into another character's shoes. You're able to learn many stories and you get to relate to them. Books help us understand and process our own feelings by showing us characters who struggle with challenges that can be like ours. Libraries are more than books; they are an area where we can immerse ourselves in a story. Reading lets us become attached to characters and connect with them. They face challenges but overcome them, motivating us to do the same. Books also offer practical insights into handling disagreements and improving relationships. National Library Lovers Month is a great time to celebrate how books help us connect with characters and learn valuable lessons on overcoming challenges and improving relationships.

Affirmation of the Day: I am determined to succeed in all I do.

Thank you for listening and have a Wonderful Words Wednesday!
