

October 12, 2022

Good morning! It's Joseph from 615 and I'm here this Words of Wisdom Wednesday on behalf of the S.E.A.L Team.

Today is National One Cent Day. Some fun facts about the penny are: since 1909, President Abraham Lincoln's likeness has been featured on the modern one cent coin, which is constructed of copper and zinc. The Lincoln Memorial was displayed on the reverse from 1959 to 2008. Lincoln's 200th birthday was celebrated in 2009 with four distinct reverse designs that each featured a scenario from his life, and in 2010 the Union Shield, a new, permanent reverse, was released.

Sticking to the theme of the penny. I would like to share with you this quote by Al Capone. "Be careful who you call your friends. I'd rather have four quarters than one hundred pennies." Be selective about who you call a friend. Four quarters are preferable to one hundred cents in my book. Quality outshines quantity.

The SEAL Team suggests that you start saving your pennies today and let's see how much you can accumulate by the end of the year. Who knows

maybe we can all bring them in and donate them to a special cause. This is just a thought.

Thanks for listening have a Worthy Wednesday 😊
